STATEMENT 1

DATA PRIVACY

1. Springville Public Library recognizes the importance that proper controls are in place to protect the security of our customers and business by enforcing internal and external controls on processing of credit card transactions.

2. In light of this concern, the Library has made every effort to comply with the requirements of the PCI Security Standards Council (PCI) to limit potential security card issues by participating in third party authorization program of The Library Corporation (TLC).

3. A third party vendor (Authorize.net) provides access to patrons to pay for fines and fees with their credit card. No credit card number is retained within the automation system, and all transactions are handled by the third party vendor. Library employees do not handle credit cards at any time.

4. By proceeding with credit or debit card payment online, you agree to accept all risks and responsibilities for any losses or damages that may arise from your use of Authorize.net and release Springville Public Library from all liability
